Re: Gina Simas

Gina Simas and I are neighbors. We met while she was walking her dog in the summer of 2006.

As I recall I was accompanied by my niece and my sister. We were very impressed with her after fairly long conversation. My sister, niece and I shared the same opinion that Gina was a warm, friendly person who was obviously very intelligent and interested in other people and their opinions.

Getting to know her over the last few years I came to realize that our early opinion of her was spot on.

She is well known and respected by our entire neighborhood. She always stops and engages people whenever she is out and about.

On a personal note: I am 66 years old and have lived in California since 1973. My previous work experience have included 7 years in a management position with Northwest Airlines. I also managed a retail business in Westwood for 19 years. In 2005 I embarked on a new career as an actor and stuntman for Disney. I was one of core pirates in the second Pirates of the Caribbean and it was during this time that Gina and I met.

During our periodic discussions I have grown to trust and enjoy our friendship. I share very personal matters with her that I would not feel comfortable sharing with others.

Gina is a person who is deeply concerned about the future of our beautiful and bountiful state of California. She is blessed with many skills such as intelligence, tact, compassion and honesty.

I would be very proud to be represented by her as a member of the newly formed Redistricting Commission. I have no doubt that the state of California would greatly benefit from Gina's involvement and that her services would be highly appreciated.

And I say this as a registered Democrat knowing that Gina is a deeply committed member of the Republican Party.

Thank you for taking the time to read this correspondence.

Sincerely,  
David F. Pigg
